

What's new on ADAM?

Part 1 – the Pillar Portal

Please sign in on www.paris-pact.net with your ADAM user name and password to access the information described here.

Across all ADAM pages, information related to the **Vienna Declaration** is identified by one or more of the below circular **icons** which correspond to the four areas for strengthened cooperation among Paris Pact partners highlighted in the Vienna Declaration:

Pillar I: Strengthening and implementing regional initiatives

Pillar II: Detecting and blocking financial flows linked to illicit traffic in opiates

Pillar III: Preventing the diversion of precursor chemicals used in illicit opiates manufacturing in Afghanistan

Pillar IV: Reducing drug abuse and dependence through a comprehensive approach

At the top of the **home page**, you find the Pillar Portal:

The screenshot shows the ADAM website interface. At the top left is the ADAM logo (Automated Donor Assistance Mechanism). To the right is a search bar with the placeholder text 'Type in a minimum of 2 characters to search...'. Below the search bar are user navigation links: 'Katharina.KIENER-MANU | My Profile | Contact Us | Logout'. A message states: 'All project based information shown below is based on your thematic area and location of interest. Click here to change...'. The main content area is titled 'Vienna Declaration - four Pillars for enhanced cooperation' and displays four large circular icons: a yellow icon with a mountain scene, an orange icon with stacks of money, a red icon with a person's face, and a blue icon with a group of people.

Clicking on any of the four large icons will take you to a page consolidating all information related to this icon:

The first pillar of the Vienna Declaration on **regional initiatives** aims to: s institutions to combat opiates; provide support to the most affected transit State cross-border operations between law enforcement agencies; enhance border m regional programmes to counteract opiates challenges and threats; and continue

On this page, all information is consolidated which is available on ADAM and rele of information related to the respective pillar will unfold and lead on to more deta
