## Search Projects by location using interactive map

Partners can search for projects using a number of ways, for example, by Geographic location, Thematic Area, Funding Partner, Period, Status etc. The **Interactive Map** in ADAM, is a quick way to search for projects by geographic location. Click on a region on the map to view projects covering that location.

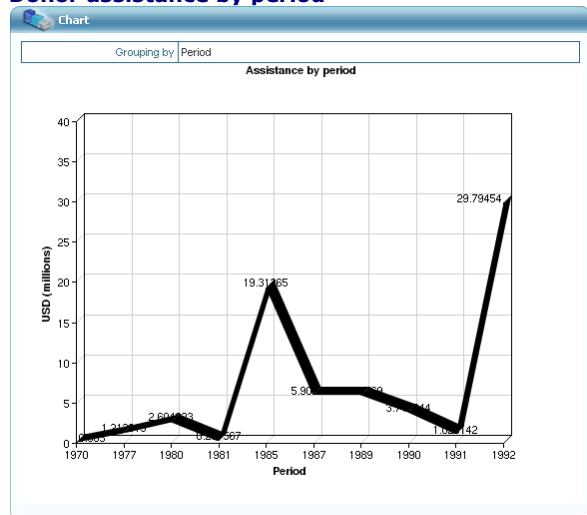

## Graphical Reports

ADAM has a dynamic reporting feature that allows easy retrieval of reports and building of charts. All reports may be viewed in a **Printer friendly** format or exported to **PDF** for offline review.

The **General Reports** provides quick links to several pre-defined reports and charts. However these reports may be further customized by defining the search options in the **Filtering criteria**.
